

# Thank you for choosing **IdenTrust** as your ECA Certificate vendor!

These instructions are for **Medium Assurance, Medium Token Assurance** and **ECA SSL** certificates

The forms packet for the ECA certificate is used to gather ID-specific details, necessary for the processing and ultimate approval of your certificate request. It is also used to obtain approval from your company to receive the certificate.

These details are recorded on the Part 1 and Part 2 forms. You were provided a forms packet at the end of the online registration. If you no longer have it, you can find a blank copy here:

<https://secure.identrust.com/certificates/policy/eca/eca-notary-form.pdf>

To avoid processing delays, here are a few helpful tips for you when filling out the forms.

The last section of the Part 2 form is the Notarial Acknowledgement. The notary needs to fill this out completely, then sign and date the form. The notary will then need to stamp and/or seal their signature as required by your state.

There are some states where the notary is prohibited from signing the form as it is written. In those cases, an 'All-purpose Acknowledgement' form will have to be filled out completely and sent along with the Part 1 and Part 2 forms. You must still fill out the Terms and Conditions section, as well as the Identification section. Any missing data will require a new form be completed and sent in for processing.
